FARMERS AND BANK FORMULATE PLAN OF RURAL CREDITS

EXTENSION DEPARTMENT OF A. & M. COLLEGE ANNOUNCES DETAILS OF UNIQUE AGREEMENT ENTERED INTO BY RED SPRINGS CLUB AND TYLER BANK.

GUARANTY FUND ESTABLISHED

Applications for Loans Passed on by Committee of Farmers—Rural Credit Union May Be Incorporated at End of Year—Believe Losses Will Be Very Small—Copies of Plan on Hand.

Special to the Morning News.

College Station, Texas, Feb. 2.—The extension department of the A. & M. college of Texas announces the conclusion of an agreement between a group of farmers and a bank which in the opinion of department officials gives promise of developing into a real rural credit union, and which, meanwhile, affords borrowing facilities for the members of the group at a rate of interest much lower than is enjoyed by farmers generally throughout the state.

The parties to this interesting and unique agreement are the Red Springs Farmers' club of Red Springs, Smith county, and the People's Guarantee State bank of Tyler, of which Hon. Sam Lindsay is president.

This farmers' club was organized more than a year ago to promote the interests of its members, especially in the matter of freeing them from the burdens of the crop mortgage credit system. The club is purely local in character, was organized without aid or suggestion from outside sources and is not affiliated with any organization, save that its members are on the mailing list of the extension department of the college.

Beginning early last spring, the club began to consider means whereby its members might obtain bank loans at a low rate of interest as offering the most feasible and practicable means of operating their farms without crop mortgage to credit merchants. By invitation members of the staff of the extension department met with the club several times and at the last conference, held a few days ago, a contract with the bank was signed whereby loans for farm purposes may be obtained at 8 per cent per annum and under conditions which are entirely new in Texas.

Members of the Red Springs club who may require credit for this year's farm operations will first make application to the club, whose finance committee (composed of farmers of the neighborhood) will pass upon the application and make definite recommendations to the bank.

When the loan is made a sum equal to 10 per cent of the amount is paid into a guaranty fund to protect the bank against loss on loans to the group.

It is this latter feature which inspires the department officials to believe that a satisfactory substitute has been found for the unlimited guaranty which underlies the present rural credit unions in Europe. American farmers have shown themselves unwilling to place a lien upon their land to procure credit for others, even where homestead provisions exist. Texas, do not forbid such practice. This bar to the procurement of capital through co-operative group liability has been overcome by the Red Springs club by the creation of a guaranty fund. Under this arrangement the individual responsibility of members is limited to 10 per cent of their loans—a sum which banking experience demonstrates is ample to protect the bank from loss.

Another interesting and valuable feature of the Red Springs plan is that it justifies lower interest rates, not merely by guaranteeing the loan, but by saving the bank the expense of inquiring into the character and responsibility of the borrower. This is more familiar with the affairs of the members of the club and of their ability to repay than a banker can possibly be.

It is the confident belief of all parties at interest that under this plan the losses of loans to members of the group will be very small and that experience will demonstrate that an even smaller guaranty fund will be ample. Also, there is a distinct advantage to both borrower and lender in having all the members of the club directly interested in the welfare of each borrowing member.

This agreement was concluded on the 22nd day of January and before the day closed more than a dozen loans had been arranged for under its terms and both the club and the bank believe that a way has been found to put an end to the so-called "credit system" which has flourished in this community since the Civil war and which has seriously interfered with the prosperity of the farmers.

It is the purpose of the Red Springs club, when this year's loans have been loaned, to incorporate a Rural Credit Union and have each borrower take stock to the amount of his shares remaining in the guaranty fund. This will supply an initial capital of slightly less than \$1,000, which will be loaned to members. Loans will only be made to members who hold stock in the union in an amount equal to 10 per cent of the amount applied for. In this way it is estimated that within a period of a few years the union will have sufficient capital to finance all its members, who by that time will have ceased to borrow for crop making purposes and will become borrowers for development purposes.

In the negotiations leading up to the signing of this agreement Hon. Sam

WAREHOUSE LAW WOULD HELP LOAN VALUE OF INLAND COTTON

By the Associated Press.
Washington, Feb. 2.—W. P. G. Harding of the federal reserve board today wrote to Chairman Lever of the house agriculture committee, endorsing the proposed federal warehouse law which is to be passed in the house.

"The proposed federal warehouse act," wrote Mr. Harding, "will in my opinion tend to make cotton stored at interior points available as collateral for loans without the intermediation of local banks and will broaden very materially the market for loans secured by warehouse receipts for cotton."

TEUTONIC OFFENSIVE AGAINST SALONIKI IS IMMINENT

By the Associated Press.
London, Feb. 2.—An Austro-German offensive against Saloniki is imminent, according to Saloniki advices from a German source to the Exchange Telegraph's Athens correspondent, who says that the Greek-Serbian railway has been repaired and that Field Marshal von Mackensen is now at Monastir.

A portion of the Montenegrin army, this correspondent adds, has effected a junction with the Serbian troops and fallen back to Durazzo.

AMERICAN FINANCIERS SAIL FOR ENGLAND ERRAND UNKNOWN

By the Associated Press.
New York, Feb. 2.—J. P. Morgan sailed tonight for England aboard the steamship Rotterdam. He was accompanied by Benjamin Strong, governor of the New York Federal Reserve bank. Announcement that the two men were to visit London caused much surprise and interest in financial circles today.

At the Morgan banking house no details were obtainable beyond the statement that business affairs would engross his attention while abroad. It is understood Mr. Morgan will spend at least a month in London.

Intimations that Mr. Morgan's trip might be related to another external loan by the allies met with denial from one of his business associates.

New York Court Reserves Decision on T. & P. Motion
By the Associated Press.
New York, Feb. 2.—Decision was reserved in the supreme court here today on a motion made by Henry E. Cooper, a director of the Texas & Pacific railway, to force George J. Gould and other members of the Gould family to accept an answer which a committee of the road's officials has filed in reply to a suit for \$1,741,000 brought against the road by the Goulds.

The answer denies allegations contained in the complaint of the Goulds, who would not accept it because of an alleged technical error in its verification.

The money sought is alleged to be due to the Goulds on promissory notes.

Military and naval committee continued hearings on defense legislation.
Passed Keating bill to regulate hours of child labor.
Bill reported to create honor pension roll of war veterans, over 65 who were distinguished for gallantry.
Adjourned at 5:05 p. m. until noon Thursday.

By the Associated Press.
Washington, Feb. 2.—A definite policy contemplating Philippine independence within four years was approved by the senate today, Vice President Marshall casting the deciding vote in favor of the Clarke amendment to the Philippine bill directing the president to withdraw American sovereignty within a four-year period. The vote, which followed weeks of debate, was 41 to 41. An effort to recommit the bill was defeated and final senate action on the measure, which has not yet passed the house, was deferred until tomorrow.

Administration senators in supporting the Clarke amendment maintained that some such definite provision was necessary to square with the independence declaration in the Baltimore platform. President Wilson has made no public comment on the proposed amendment, but senators who had discussed it with him let it be known he was not opposed to it. Chairman Hitchcock of the Philippine committee opposed the amendment and was supported by eleven democrats. Five republicans, Borah, Clapp, Kenyon, La Follette and Works, voted for the amendment. Besides Senator Hitchcock, democrats who opposed it were Buchanan, Lea, McPherson, Lewis, Myers, O'Gorman, Phelan, Pomerene, Ransdell, Reed, Sausbury and Walsh.

By the terms of the amendment as perfected, provision is made for extension of time for granting independence if the president should deem it advisable, until congress shall have had an opportunity further to consider the subject.

Provisions making it optional for the United States to retain sites for coaling stations and naval bases in the event of independence were included. Efforts to recommit the bill failed by a vote of 50 to 29.

By a vote of 49 to 31 an amendment by Senator Kenyon of Iowa was adopted to strike from the Clarke amendment all plans for guaranteeing the sovereignty of the islands either by the United States alone or by international agreements.

Guardsmen Continue Fight.
By the Associated Press.
Washington, Feb. 2.—Members of the National Guard association continued today their vigorous opposition to any army increase plan that would exclude the state troops as soldiers of the first line, while the naval committee heard expert testimony as to guns, torpedoes, mines and other ordnance material from Rear Admiral Strauss, chief of ordnance.

Adjutant General Sadler of New Jersey and Dickson of Illinois and former Adjutant General Critchfield of Ohio testified that there virtually was no sentiment among the guardsmen in favor of the continental army plan. They contended that congress had full power to nationalize the militia so that defects of the system pointed out by regular army officers could be cured.

Colonel Critchfield said four requisites were adequate compensation, greater field training, clarification of the president's authority over the National Guard, and administration of militia affairs in the war department by officers in sympathy with the needs and wishes of the force. General Dickson insisted that in any event the states should retain the right to use the militia in peace times.
Col. M. J. Foreman, commanding the First Illinois cavalry and the first line officer of the guard to be heard, was emphatic in asserting that if the continental army were organized, interest in the National Guard would wane.
"The promise that we would be in the first line in any war to come," he said, "has kept us true to the faith."
Admiral Strauss told the naval committee that the latest 14-inch guns

Many of Appam Prisoners Given Permission to Land

By the Associated Press.
Old Point Comfort, Va., Feb. 2.—Two hundred and forty-five persons held prisoners by a German prize crew on the former British passenger liner Appam were informed tonight that they were at liberty to land on American soil. More than 200 others aboard, including the German captors, the captain and crew of the liner and certain passengers alleged to belong to the armed forces of Great Britain, will be held on board until the United States government definitely determines their status and that of the ship itself.

The captured liner, which has swung at anchor in Hampton Roads, since she put into the Virginia Capes Tuesday morning, will move up to Newport News early tomorrow to disembark her passengers. With the others will land G. D. Tagliaferri, a naturalized American of Nevada, the only citizen of the United States aboard. Tagliaferri, who had not made his identity known, was discovered today by immigration officers.

Lieutenant Berg, the German reservist commanding the prize crew, still maintains full authority on board the liner, but is acting under orders from the United States government through Collector Hamilton. He has agreed to move the ship to Newport News and hold her there pending further developments.

Immediately after tonight's conference on the wharf a selected group of Englishmen, including Sir Edward Meriwether, Frederick Seaton Jones, Francis Charles Fuller, Dr. F. E. Rice and the masters of the six British vessels captured by the raider which took the Appam and the Appam's pursuer, were brought ashore for perfecting the landing of others on board. Mr. James remained at an Old Point Comfort hotel, but the rest of the party returned to spend the night aboard the Appam.

Reports agree that all the passengers were accorded the best treatment possible by the prize crew under the circumstances. Food and water were short during the last few days of the long voyage across the Atlantic from the Spanish coast, but the passengers say they had the same fare as their captors, and had no complaint to make.

Late today it was announced at the state department that the neutrality board had held the Appam to be a prize and then the announcement was quickly withdrawn. The general impression prevailed, however, that the board had so held, but that it would not be announced until later.

British Contention.
By the Associated Press.
London, Feb. 2.—The British government will hold that the Appam must be released under clauses 21 and 22 of the Hague convention of 1907, it was stated today. These provide that a merchantman cannot be converted into an auxiliary cruiser on the high seas and that a merchantman prize can only be taken into a neutral port under certain circumstances of distress, injury or lack of food, and if she does not depart within a stipulated time, cannot be interned but must be turned over to the original owners with all of her cargo.

According to the British contention under these clauses the prize crew must be interned.

Sixteen Thousand Responsive Throats Join Nation's Leader in Singing "America" at End of Great Preparedness Speech Delivered at Kansas City, Missouri.

TELL THE PEOPLE WHO REPRESENT YOU

"Future Does Not Depend on Us, but on Commanders of Ships and Submarines," Is Statement—At Topeka Great Crowds Are Told by President He Does Not Believe Kansas Is Against Peace to Address.

Special to the Morning News.

Kansas City, Mo., Feb. 2.—President Wilson demanded here tonight that steps be begun during the present month to back him up in defending American lives spent up in defending American lives spent up in commerce abroad. His demand met with shouts and applause from an audience of 16,000 at the persons who waved American flags, leaped to their seats and cheered.

When the president came forward speaking he leaned forward and asked the great throng to let him hear him in singing "America." The band played softly, the audience stood and the words of America with national anthem came in a forth Fifth burst of song from 1.

The big crowd was for the president from the start. It Columbus, ed patiently an hour to speak and cheered itself hoarse through of three-minute demonstration he appeared. Sixteen thousand have heard him, twenty thousand Crawford, turned away and ten thousand more tried to glimpse him on her left his hotel for the night.

"Why, some men in a home, Oklahoma are questioning if get the five hundred thousand of Dallas is for which the government, Seventeenth ing," he said at one point.

A man in the far end Douglas Fairbairn's answer over a few days of the crowd, "Yes," he said, "West A dozen more—a second echoed the word and then in a turmoil, President smiled and held out his hand.

"Why, I believe," he said, "mult died, 'you could raise on Bond men in almost any state, could get 5000 men right audience."

Thrilled by Experience.
Kallman of the last Saturday night. I have been thrilled by the ences of the last few days. His presence at the president's speech, Washington and smile at for Feb. 23.

"Those gallant men who the United bill in Washington and make o's, Mex., are going to deliver the goods."

The crowd cheered. "Don't misunderstand me," he continued. "They are going to deliver the goods because you want the goods delivered."

The president said the time had come for him to ask his fellow citizens to "get up on your hind legs and talk and tell the people who represent you what the nation desires and demands. I think that everybody in a democracy is listening for is the tramp! tramp! tramp of the facts."

"I have come to ask you what is back of me in this task of preserving at once peace and your honor," the president said. "The judge on the bench has the law back of him, with its bailiffs, sheriffs, national guardsmen and the United States army, but if you invoke in some foreign capital the president's order, the rights of the people and government of the United States, what is there back of it?"

"It is necessary that I should come and ask you this question because I do not know how the mere word and insistence of your government will prevail to maintain your honor and the dignity and power of the nation."

"There may come a time—I pray God it may never come, but it may in spite of everything we can do—upon us when I shall have to say, 'I have said my say, who stands back of it?'"

Where is that force by which the right and majesty of the United States are to be vindicated and asserted?"

Declares Need Immediate.
The president declared the need was immediate and action should be begun within the present month.

"I assure you there is not a day to be lost," he said. "Not because there is any special crisis, but because I do not know twenty-four hours ahead what will happen."

The future does not depend on us, but upon commanders of ships and of submarines and upon blockades and upon many other men, big and little."

"I have read editorial," he said, "saying that the number of notes sent abroad by the government and asking why don't the government act; and in these same papers I have seen editorials against the preparation to do anything whatever effective if these notes are to be regarded. Is that the temper of the United States? It may be the temper of some editorial offices, but I know it is not the temper of the people of the United States."

A wave of applause swept over the gathering. A voice in the gallery cried "No!" and the crowd yelled again.

That most of the munition factories of the United States were on the Atlantic seaboard and that therefore the nation must be ready to repel the first attack in order to avoid disaster.

The present army, the president said, was so small that he did not even have enough soldiers to station along the Mexican border to prevent bandits from crossing the line.

Russian Premier Says Nation Cannot Ever Be Exhausted

By the Associated Press.
London, Feb. 2.—M. Sturmer, the new premier of Russia, declared in an interview in the Novoe Vremya of Petrograd, as quoted by Reuters's correspondent here, that his policy would be inspired above all else with the one idea of bringing the war to a successful issue. He added: "The exhaustion of Russia's resources to me, for the Russian people cannot be exhausted or conquered."

Capitalists Sail for South America

By the Associated Press.
New Orleans, Feb. 2.—A party of twelve capitalists, explorers and business men from Pittsburgh sailed from here today on the steam yacht Diana, bound for Colombia, South America. According to their announced plans they will journey to the Magdalena river 200 miles into the heart of the Colombian jungles to explore the territory and investigate its resources. They expect to be gone six weeks. At Barranquilla, a hydrographic party will be taken aboard the Diana for use during the trip.

The preparation to do anything ever effective if those notes are regarded. It may be the temper of some editorial offices, but it is not the temper of the people of the United States.

"I came out upon this errand from Washington, and see what happened. Before I started everybody knew what errand I was bound on. I expected to meet quiet audiences and explain to them the issues of the day, and what did I meet? At every stop of the train multitudes of my fellow citizens crowded out, not to see the president of the United States, but to see the man who stood for the time being representative; and to declare in one fashion or another, if it were only by chance, that they were ready to do their duty in the hour of need."

"I have been thrilled by the experiences of these few days and I shall go back to Washington and smile at anybody who tells me that the United States is not wide awake. But, gentlemen, crowds at the stations, cheers for the government, the Stars and Stripes, only express the spirit of the nation, not the organized force of the nation."

Numbers Don't Win Wars.

"Modern wars are not won by mere numbers. They are not won by mere national spirit. They are won by the scientific conduct of war—the scientific application of irresistible force. And what is there behind the president of the United States? Well, in the first place, there is a navy, which for my part I am very proud of—a navy which has done it a little at a time. The fighting force of the navy now is splendid. But it is not big enough. And what the present administration is proposing is that we limit the number of years to five within which we shall complete a fleet."

"We have been interested in our navy for a great many years and we have been slowly building it up to excellent force, but we have done it piecemeal; we have done it a little at a time. The fighting force of the navy now is splendid. But it is not big enough. And what the present administration is proposing is that we limit the number of years to five within which we shall complete a fleet."

of the navy, having a range of 24,000 yards as mounted, or fourteen land miles, were the equal of the 15-inch weapons of foreign navies because of the greater muzzle velocity. He said that at target practice last year three 12-inch shells were driven through heavy armor plating at 12,000 yards.

The department has not yet decided, the admiral said, whether the two new battleships asked for this year would carry ten 16-inch rifles or twelve 14-inch. He declared the Hammond radio-controlled torpedo was not suitable for navy use.

Discussing submarine mines, Admiral Strauss said the general board recommended an increase of 6000 over the number heretofore believed necessary. The Norfolk navy yard is turning out those of the newest English design, he said, at a rate of ten a day, which soon will be increased to twenty.

Turning to new devices being worked out for the navy, Admiral Strauss said a system for salvo fire of torpedoes from destroyers was to be tried, which would enable a destroyer to hard a torpedo broadside at an enemy ship. The torpedoes being made by the navy are being made by the navy, he said, could not be penetrated by a torpedo, even one equipped with a wire cutting device. He revealed also that the department had devised a system of anchored entanglements for use against submarines.

Colombian Treaty Favored.
By The Associated Press.
Washington, Feb. 2.—The long fought treaty to pay Colombia \$25,000,000 and express regret for the partition of Panama was ordered favorably reported to the senate today by the foreign relations committee, with amendments reducing the indemnity to \$15,000,000 and making the expedition mutual to both the United States and Colombia.

A bare majority of one vote put the treaty out of committee and into the senate, where, with the full force of the administration, it will be pressed for ratification in line with the policy of harmonizing relations with all Latin America for the new Pan-American congress.

By a vote of ten to three the committee also ordered a favorable report on the treaty to pay Nicaragua \$3,000,000 for an interoceanic canal route and naval base in the Bay of Fonseca. Ac-

FOUR PHYSICIANS DID HER NO GOOD
Prominent Indianapolis Lady Relates How Plant Juice Benefited Her.

Women everywhere have found great relief from stomach trouble, nervousness, weakness and debility through the use of Plant Juice. It builds up the whole body and strengthens it, purifies the blood of all poisons and impurities, stimulates the liver into healthy action, corrects constipation, and clears the system of all malarial and biliousness. Women who have spells of depression and blues, poor appetite, no appetite, sleep badly and are pale and listless, find Plant Juice just what they need. It instills new life and vigor, soothes the nerves, brightens the eye and improves the complexion. Did it give results other than are outlined, then would never be the demand and the universal satisfaction derived from Plant Juice. It does all and more than is claimed for it.

Following is the signed testimonial of a lady that speaks for itself: Mrs. Grace McHenry, who lives at No. 315 East Ohio street, Indianapolis, Ind., says:

"I have been troubled with my kidneys for about a year; had tried different kinds of medicine and went to four different physicians who did not help me in the least. I would get up in the morning feeling weak and nervous and my back would pain me all the time. I had about Plant Juice and have taken three bottles and now can truthfully say that I am better in every way—in fact, cured. I can recommend Plant Juice to all who suffer and did."

Plant Juice is sold in Waco at Morrison's Old Corner Drug Store.

Be Careful in Using Soap on Your Hair
Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulford coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soap or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

WEDDING CARDS COME FROM SAN ANGELO
Old home friends, among many others throughout the state, received on Wednesday.

Mr. and Mrs. Joel Whitsett Westbrook request the honor of your presence at the marriage of their daughter Virginia Evelyn

to Mr. John Ballinger Bryan on Wednesday, the sixteenth of February one thousand nine hundred and sixteen at three o'clock Emanuel Episcopal church San Angelo.

The at home card announces: At Home after March first San Angelo, Texas.

WEST END TUESDAY CIRCLE WITH MRS. J. W. TABOR
Quite the social flourish was given the last Tuesday reunion of the West End Tuesday Circle. Mrs. J. W. Tabor was hostess. She provided some parlor musicians for informal program. A number of guests for this special hour, and a cozy tea drinking around her pretty carnation table for the 5 o'clock feature. The musicians were Mesdames C. Roberts, Frank Stevens, C. Hall and Walter Rathell, with Miss Sadie Stewart. This was enjoyed while the guests did their fancy work. One pause for business resulted in decision to meet every two weeks hereafter. Guest for the afternoon were the Mesdames W. B. Rathell, W. N. Lazenby, W. B. Ragland, O. K. Stetler, J. H. Womack, George Irvine, A. P. Angier with Miss Ida Stewart.

QUIET HOME SERVICE WITH SOUTH SIDE BRIDE
Just as quietly as could be, indeed, with none but immediate family present, Miss Grace Vivrette, in the home of Mrs. M. H. Standifer, last night celebrated her wedding. Both of this city, Rev. J. M. Dawson, the family pastor, officiating. Following the service, there was slight pause, and then Mrs. Penland took his bride to her home, where his parents, Mr. and Mrs. J. H. Penland, gave first welcome.

Mr. and Mrs. Penland are now at home to their friends, 1108 North Fifth street.

While it was the bride's wish to have this sacred service within her own family circle, her life residence here and her pleasing personality give a host of interested friends and more intimate relatives. Mr. Penland, while not so long a Wacoan, is identified with real estate circles and general activity of Waco's business world.

MISS FRANCES LUEDDE FOR TWO HONOREES
Honoring the visit of Mrs. Story Fowler to Waco, and the recent coming to Waco residence of her aunt, Mrs. Fannie Wilcox, Miss Frances Luedde added a morning of bridge to the society of the week. This came on Wednesday, and found five tables of matrons making the game. The luncheon came, as those of Miss Luedde always do, in more than an attractive way, and tempting to palate as well. She offered two courses. The prize feature favored Edna, a pitcher being honored favor and a mayonaisse bowl being held favor won by Mrs. T. C. Edmondson. The consolation was a set of the coveted thread belt. This was won by Mrs. Hal Moody. Playing were, other than honorees, the Mesdames Guy McKnight, Charlie Link, Carroll Terry, J. W. Whitworth, Frank Trau, Ed Laughlin, Hal Moody, T. C. Edmondson, W. P. Killingsworth, H. C. Wingo, Charles Goch, Charles Smith, Robert Coleman, Joney Smith, L. C. Alexander, Forest Goodman, Robert Potts.

MISS PACE ENTERTAINS IN SALEM REUNION
It is interesting to women at large, especially so to former students of the old Salem school in North Carolina, to hear a bit of history from this institution. Nearly a century and a half ago the Moravian, who had settled in North Carolina, established this school. This followed the custom of this congregation, that as soon as a church was built, there should be built a school. Here Vassar and Wellesley and other national colleges were even dreamed, this school at Salem was educating girls. Before this, the idea of giving education to women was unthinkable; nay, it was contemptible in the minds of the day. For many years passed, and a boarding department was added. The year after the war between the states, in the face of the deplorable condition of the south, this school was incorporated into it. It was this day, February 3d, which is being ob-

Particularly does Miss Pace desire to have with her any woman who has attended Salem, now in the city, whom she has not met personally.

Society Notes

In the visit here of Miss Sanborn from Omaha, she will also be guest in the H. M. Miner household, Washington street.

Miss Sallie Morse, who compliments Miss Stella Johnson of Beaumont with bridge party, has issued her invitations for Saturday afternoon at 2 o'clock.

An event in pleasurable anticipation within music circle of Baylor University is the coming recital of Miss Eschol Taylor, piano, and John de Heck, voice.

It is the case of welcome the coming, speed the parting, in Waco society with Monday, for Miss Alice Brazelton returns from her Marlin visit and Miss Pauline McLendon starts for Fort Worth.

Mrs. Edward Kotman and Miss Grace Prather are mentioned among those who go home here for Home Economics week in Austin.

P. Brewington of North Thirteenth is asked for operation at Providence sanitarium on Tuesday.

Mrs. Ben K. Jennings is now making a round of visits in Missouri, and does not expect to reach home for another month.

Up in Boston they are exposing the "Palaces in Fashion." Suppose we start a miniature expose down here, who would be pictured? First of all the girl with the daubed face, and next the girl who affects no waist to her evening gown.

Miss Flora Lee McCullough, who, by the way, finds life more than pleasant in Washington City school, writes that through courtesy of Senator Morris Sheppard she has passed into visitors in congress; evidently, the item of "preparedness" upon the part of Miss McCullough to keep up with topics of national debate.

Since Mrs. Nannie Curtis, state president, is to be with the local union, all members of the W. C. T. U., together with any in the city not yet affiliated locally are invited to hear Mrs. Curtis this afternoon.

Saint Paul's church choir is rehearsing another song service. This will be rendered on Sunday evening.

Some insight into the inner envelope should bear name of the addressee with nothing else, and we are of this "some"; some others insist that this inner envelope should be left unscrutinized. The matter is not so much which is correct, as for Waco society to be uniform. Many of the little "tricks" in social life come from just such differences of opinion, hence lack of understanding. A uniform code would do much to relieve this. Why not Waco women resolve to establish this code?

Up in New York Mr. and Mrs. Vincent Astor were given a surprise party the other day. If the autocratic Astors enjoy this much of the informal, does it not mean that we down here may continue our custom of birthday and other anniversary surprises?

We have been asked more than once to define difference between a dinner dance and a dinner and dance. The dinner dance means an alternate dance and table course, while a dinner and dance means a formal dinner with adjournment from table for a regular dancing party.

The presence of Lord and Lady Aberdeen in this country in behalf of money for the Irish bachelors reminds one of our Texas girls was guest in the home of this distinguished couple. Mrs. Percy Pennybacker and Miss Ruth Pennybacker were invited, during their last visit in England, for a few days at "The Hazel Lodge," home of the Aberdeens while the lord is ruler of Ireland. Miss Pennybacker, in recounting her experience, reported all went well until the first dinner was over, and she had to convey in this door frame to Lord Aberdeen. This is the custom of the Lodge, even to the wife, who bends her knee to her liege lord after every dinner.

Her interpretative dancing became the rage. Now the greatest in the world, including Pavlova herself, are ex-

Hair Coming Out?
Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderrine at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.

On Wednesday the Mesdames George Williams and Douglas Fairbanks left for the Whitworth household, West Washington street.

Abraham Kallman Released on Bond
By The Associated Press.
St. Louis, Feb. 2.—Abraham Kallman of New York, arrested here last Saturday charged with smuggling feathers valued at \$9000 into the United States, was released on \$5000 bond for Feb. 23.

It is charged by American customs officials that the feathers, which were consigned to a New York firm, were shipped to New York, thence through the United States in bond to Nuevo Laredo, Mex., and later smuggled back into Texas.

The feathers of Texas were found in a house on the American side when Kallman was arrested.

Illinois Conditions Are Getting Better
By The Associated Press.
St. Louis, Feb. 2.—The areas on either side of the Mississippi river from St. Louis to Cairo, Ill., tonight were slowly recovering from flood and storm conditions.

The falling of nearly 100 additional telephone poles in southern Missouri and Illinois and the breaking of a levee at East Cape Girardeau, Ill., were the most serious damage reported during the day.

Several thousand acres of farm lands and the entire city of McClure, Ill., were inundated by more than four feet of water as the result of the break in the levee. The homeless in this district and further north were being rescued by the steamer Belle of Calhoun and the government tugboat John N. Macomb.

Heavy Slump on Bourse.

London, Feb. 2.—A dispatch to the Telegraph from Zurich says: "It is reported that there was a heavy slump today on the Frankfurt (Germany) bourse, owing to the belief of German-American diplomatic relations are approaching a crisis."

Ten Persons Killed in Explosion on Ohio River Towboat

By The Associated Press.
Huntington, W. Va., Feb. 2.—Ten persons were killed and four seriously burned by the explosion of the boilers on the towboat Sam Brown of Pittsburgh in the Ohio river here.

The explosion is believed to have been due to the pumping of cold water into empty boilers. The blast was terrific, bodies and wreckage being hurled to the shore on both sides of the river. A mangled body was seen floating above.

Charles Shaffer, who died later, was insane when found floating on a piece of wreckage. The work of lifting the survivors was made easier by the fact that the big steel axle which held the record of the boat's crew was blown ashore.

The boat carried a crew of 24. She was valued at \$25,000.

Russian Premier Says Nation Cannot Ever Be Exhausted

By The Associated Press.
London, Feb. 2.—M. Sturmer, the new premier of Russia, declared in an interview in the Novoye Vremya of Petrograd, as quoted by the Associated Press, that his policy would be inspired above all else with the one idea of bringing the war to a successful issue. He added: "Those who spoke of financial or economic exhaustion of Russia appear ludicrous to me, for the Russian people cannot be exhausted or conquered."

Capitalists Sail for South America

By The Associated Press.
New Orleans, Feb. 2.—A party of twelve capitalists, explorers and business men from Pittsburgh sailed from here today on the steam yacht Diana, bound for Colombia, South America. According to their announced plans they will journey up the Magdalena river 300 miles into the heart of the Colombian jungle to explore the territory and investigate its resources. They expect to be gone six weeks. At Barranquilla, a hydroplane will be taken aboard the Diana for use during the trip.

Harry Storch Traded to Springfield Club

By The Associated Press.
Dallas, Feb. 2.—Joe Dunn, manager of the Dallas Texas league baseball club, has been released to the Springfield club, Central league club, and Outfielder Harry Storch of Dallas has been traded to Springfield for Infielder Stutz, it is announced here.

TEAR THIS OUT

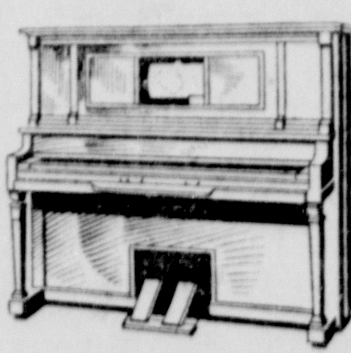

Excellent Old Formula for Hair
Bay Rum.....6 ounces
Lavender de Composee.....2 ounces
Menthol Crystals.....1/2 dram

Hundreds of thousands of men and women throughout America and Europe have, for years, used this formula for mixing a lotion to cleanse and invigorate the scalp, to prevent premature grayness, to destroy dandruff, to stop falling hair, to stimulate the growth of hair, and to make the hair fluffy and lustrous.

It is doubtful if any chemist in the world has ever made even the slightest improvement upon this superb formula. You can get the ingredients at any drug store and mix them yourself at home or your druggist will mix them for you.

Part the hair and apply the tonic directly to the scalp. By parting the hair all the way around the head, about one inch apart, the entire scalp can be quickly covered. Then rub the tonic thoroughly with your finger tips. The tonic may be applied with a cloth or a brush or sprinkled on. Apply night and morning until the scalp is in good condition and then once a day—either night or morning.

Notice to Subscribers.

Delivery routes in the City of Waco are in the hands of independent carriers, who buy their papers at wholesale prices. Subscriptions accounts are due them, not the Waco Morning News. They are not under heavy bond, not only to give the best delivery service, but to pay for their papers each month. Their remuneration is the difference between the wholesale price and the retail price which they receive from subscribers. This margin of profit is such that they cannot afford to extend credit, except month by month. They are not required, and they are advised against, delivering the paper to anyone who does not pay in accordance with the above subscription terms. These carriers are all earnest, hard working men and they will appreciate any courtesy shown them.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Morning News will be gladly corrected upon its being brought to the attention of the management.

REFORM IN WOMEN'S DRESS.

It might be deemed inappropriate, by some, for mere unattached man to offer suggestions to milady as to how she should attire herself for evening or other functions, but now that the club women themselves have taken the initiative in waging warfare upon immodest dress it is permissible for men, unattached and otherwise, to express their approval of such a course.

Not all the women—a small majority of them, in fact—are given to this extreme in dress of which we have seen a great deal in recent years and about which we have heard a great deal more, for women of the highest refinement and best tastes avoid the extremes in dress as in everything else. And it is well that the thoughtful, level-headed women of the country should begin a movement to avoid the use of extremes in styles of dress among their sisters not so, regardless of the influences the employment of the immodest attire has upon themselves and those with whom they associate.

Mrs. William Grant Brown of New York City, chairman of the local Federation of Women's clubs, in discussing the fight which the American Federation of Women's clubs will make on immodest dress, when it convenes in New York in biennial session next May, says:

"Ten thousand delegates will take back to their homes a concrete idea of dress reform that will be a blessing to the whole country. We believe in the decollete gown so far as it is a work of art, but it should be modest and never sensational. There has grown up a custom of dress for women, especially young girls, that is simply frightful. The extreme split skirt that shocked us once has given place to the extreme split waist. Evening gowns worn nowadays by women who probably mean well but are foolish, are utterly disgusting, being cut in some cases nearly to the waist. These women do not do this to attract attention, but because they are possessed by the idea that to be partly draped is fashionable.

"Most club women want to establish a general rule against indecent extremes in evening dress and a custom of making women's gowns conform to the following four rules: First, individuality, every woman trying to express her own ideas; second, modesty, not puritanism, but a decent regard for what is proper; third, good taste, a degree of art in the expression of individualism; fourth, appropriateness. Young girls should not be dressed like matrons, old women should not be dressed like girls.

"Many women suggest that if the present custom of sensational dressing continues, an established ballroom censorship should prohibit women so gowned from appearing on the floor, exactly as indecent dancing is forbidden."

W. H. Hoffmann made a very efficient president of the Texas Cotton Palace during the two years he held that position before and we are glad that he has the time and the inclination to again respond to the call of his fellow directors and take up that burden anew.

The newspapers of the state could probably teach the man who failed to pay his poll tax this year a lesson by refusing to publish his contributions on political subjects when the various campaigns that will be waged in this state this year become warm.

Efficiency experts employed by the city of Chicago recommend the elimination of 270 salaried positions as absolutely useless to the city. We could possibly find a use for such experts in some Texas cities and certainly in connection with our state government.

THE WHY OF BABY WEEK.

It were enough to justify the holding of a Baby Week in Waco if its only object were to spare the lives of the little ones for the sake of the fond parents, or merely save the tots from the suffering which death-dealing disease entails upon them. But neither of these constitutes the main idea back of the movement that was first proposed by the General Federation of Women's clubs and which has been adopted, also, by the children's bureau of the federal department of labor.

In every baby there is recognized the possibility of a future citizen, a social asset without which the state will be poorer than if the child lived and developed along proper lines. So the Baby Week movement hopes not only to spare the lives of babies and thus make it possible for them to live the life and perform the functions for which nature destined them, but to make it possible to remove those adverse circumstances under which many of these babies which have managed to survive have labored and thus enable them to live larger and more efficient lives and thus become more valuable assets to the state and society than their predecessors, coming up through similar environments, have been.

So, the objects of Baby Week may be primarily stated as the elimination of infant mortality and the giving to other children a better chance to get properly started in the world. The fundamental causes of infant mortality, declares Dr. L. Emmett Holt, are mainly the result of three conditions—poverty, ignorance and neglect. And while the Baby Week may not have a very large influence in abolishing poverty today if it is conducted properly and the people respond as they should it will mean less poverty in the next generation, for poverty is largely the result of inefficiency and efficiency is promoted through the Baby Week campaign by giving to the little ones at the very outset better opportunities for the development of their minds, bodies and characters. It aims to abolish that ignorance which is the parent of neglect. Children who are the victims of ignorance and neglect cannot be expected to develop into useful and efficient citizens as they would make with better opportunities, and their contribution to society in the form of offspring cannot be a valuable one. Better Baby week stands for a better citizenship for succeeding generations.

The Baby Week is a movement that should challenge the appreciation and co-operation of all good people. It is not a fad. It is an effort to meet a very fundamental and a very urgent need, that of conserving human life. Coming as it does early in March, the information that will be disseminated ought to be invaluable in helping mothers tide their little ones over the troublous period of summer.

But the good results should continue longer than through the approaching summer, for as the children's bureau very wisely says, "Baby Week should not be a temporary flurry and excitement, the effect of which is allowed soon to subside, but very definite efforts should be made by follow-up work to have it lead to permanent good for the babies of the community."

Villa is again surrounded by the Carranzas forces, the dispatches declare. But the thing we do not understand is why these Carrancistas do not close in on the bandit and cattle thief. Such an opportunity to win the gratitude of the world should not be passed up so lightly.

A Wild West round-up will supplant the fine horse show as the night attraction of the Feders and Breeders' show at Fort Worth next month. A step from the sublime to the ridiculous, perhaps, but made necessary by the fact that the horse show did not pay.

When a woman winds a towel around her head and calls for a bucket of water it means the beginning of a big day, but when a man winds a towel around his head and calls for water it means the end of a big night, says the Farm and Fireside.

Texas is on a cash basis again for the first time since the first of October. Why not some candidate prove his claim to a state office by devising a means whereby the state can be kept on a cash basis the year round.

Due to the fact that Kansas has been frozen over for several days, the people are being appealed to by Governor Capper to save the birds by feeding them. Birds are a great asset to growing crops and crops are the sources of Kansas' greatest wealth.

After perusing the flood news from Arkansas we are persuaded a lot of the people of that state have had a bath this week for the first time this winter.

Texas farm demonstrators advise that Old Crimp has put a decided crimp in the crop of green bugs and other farm pests recently.

MARLIN TO ERECT CONCRETE PAVILION

CITY COUNCIL ACCEPTS COMMERCIAL CLUB'S PLAN TO IMPROVE HOT FOUNTAIN.

Anti-Chicken and Other Ordinances Also Passed at Request of Civic League.

Special to the Morning News.

Marlin, Feb. 2.—At the meeting of the city council today, the Commercial club presented the proposition to take the place of the present structure covering the hot water fountain, agreeing to pay one-fourth of the cost, and showing plans which called for an estimated expenditure of about \$8,000. The council was advised that warrants for \$1,000 each to the amount needed, due one each year, would be placed by the club, at 6 per cent interest, thereby making possible this expenditure. The proposition, on being voted upon, was unanimously passed.

The Ladies' Civic league had a large representation before the council, headed by the president, Mrs. B. J. Litchum, with requests for the passage of an anti-chicken ordinance, an ordinance raising the stock pound fee from 75c to \$2.50, and the passage of an ordinance compelling all cisterns to be screened to prevent the city from suffering from mosquitoes this year. All of the ladies' requests were granted.

Arlington Knitting Circle Formed.

Marlin, Feb. 2.—Society ladies stopping at the Arlington during the winter from various cities over Texas and the South have added to their diversions by the organization of the "Knitting Circle of the Arlington Hotel," with Mrs. Albert Stevens of San Antonio, speaker of the house; Mrs. S. E. Dunlop, first vice president; Mrs. Thomas B. Lewis, second vice president; Mrs. R. D. Benson, third vice president; Mrs. George Dryden, treasurer; Mrs. C. E. Booz, secretary, and Mrs. H. E. Dean, censor. The club proposes the study of embroidery and the enjoyment of social features.

Suffrage Club to Get Busy.

Marlin, Feb. 2.—Active work is contemplated by the Equal Rights club, organized Tuesday afternoon immediately after the woman's suffrage lecture of Miss Freeman and Mrs. Cunningham, by the election of Mrs. A. Edgar Smith as chairman. She has announced that she has literature on hand for distribution to those interested and it is stated that men as well as women are eligible to membership.

West, Feb. 2.—The city council met yesterday in the office of City Secretary E. H. Bresler. The paid poll taxes in the city amounts to 234, against 290 for the year 1913, according to figures submitted.

The city's financial business was declared to be in fine shape, and plans were discussed for further progressive steps in the near future. Of the \$12,500 voted for sewer bonds, there were \$3000 left from this fund, which the city has borrowed and will use in the furtherance of its 1916 plans.

McLarty's Body Sent to Waco.

Galveston, Feb. 2.—A warrant for the arrest of Robert G. Shaw, who was seriously wounded during the shooting affair of yesterday in which George A. McLarty, secretary of the maritime committee of the cotton exchange, lost his life, remains unserved steps in the night. The charge against Shaw is that of murder. Physicians say Shaw will recover.

The body of McLarty will be sent to Waco late this afternoon.

Lott Rifles Assigned.

Special to the Morning News.
Lott, Feb. 2.—Captain Chas. F. Anderson has received notice from Colonel J. A. McLamont, assistant adjutant general, that the Lott Rifles had been assigned as Company L, Third Infantry. Colonel McLamont stated that the encampment would be held in August.

WATCH SORE THROATS

because swollen glands or inflamed membranes often affect other tissues and lung trouble easily follows.

As Nature's corrector of throat troubles the pure cod liver oil in Scott's Emulsion is speedily converted into germ-resisting tissue; its tested glycerine is curative and healing, while this wholesome emulsion relieves the trouble and upbuilds the forces to resist tubercular germs and avert the weakening influence which usually follows. If any member of your family has a tender throat, get a bottle of Scott's Emulsion to-day. Physicians prescribe it to avert throat troubles, overcome bronchial disorders and strengthen the lungs. No alcohol or harmful drugs. Always insist on Scott's.

JUDGMENT REVERSED IN PARSONS CASE

SUPREME COURT GRANTS WRIT OF ERROR WHERE MAN BELIEVED DEAD IS FOUND.

Actions Taken in Several McLennan County Suits by Civil Appeal Court.

Special to the Morning News.

Austin, Texas, Feb. 2.—The supreme court today, on motion of both parties, granted writ of error and reversed judgments and remanded to the district court, with instructions to dismiss, the case of Knights of Maccabees of the World vs. Mrs. Lena Parsons, from Nacogdoches county.

This case has been of interest on account of the peculiar feature involved. Mrs. Parsons is the wife of George F. Parsons, who until recently was thought to be dead. The supposition was that he had been killed in the railroad depot at Lufkin, Angellina county. Mrs. Parsons was given judgment against the Knights of Maccabees on an insurance policy taken out by Parsons. The judgment of the lower court was affirmed by the court of civil appeals and the case was appealed by the insurance company to the supreme court. Recently Parsons was discovered in California, identified, placed under arrest and returned to Angellina county.

The supreme court today overruled a motion for rehearing in the case of Missouri, Kansas and Texas Railway vs. State of Texas, from Travis county, thereby ending the litigation over the question of validity of the so-called thirty-minute rule of the railroad commission. The court recently upheld the ruling of the railroad commission.

The court of criminal appeals today ordered affirmation of the case of Wade Hampton, from Franklin county, who was given ninety-nine years for the murder of Mrs. Talitha Caroline Casey. The murder occurred on October 12, 1901, and has been in the courts for some time. The cases of Edward S. Jordan, from Scurry county, given twenty-five years for the murder of his father; Claude Nee, from Dallas county, seven years for robbery of \$11 from R. W. Burden; W. J. Hiles, from Culberson county, two years for manslaughter, were also affirmed.

The court overruled motions for rehearing in the cases of Frank B. Miles vs. Harris county, death penalty for murder; Agnes Orner, from El Paso county, life term for the murder of her daughter by poisoning; Lack of Jurisdiction was announced by the court in the case of ex-parte Martin Castorena, from Cameron county. Reduction of bond was asked on a charge of murder growing out of the wreck of a train near Brownsville, where two passengers were killed and others injured.

In the supreme court the case of S. W. Slayden vs. M. Palmo, from McLennan county, was set for submission on February 17.

Actions on McLennan county cases were taken as follows in the court of civil appeals, Third district: T. W. Simpson vs. I. & G. N. et al, affirmed; Frank McNeese vs. First National bank, reversed and remanded; M. K. & T. vs. Henry Thompson, rehearing refused; Castlemann vs. I. S. Lewis, submitted for rehearing.

Supreme Court.

The following proceedings were had in the supreme court today:

Nujol

REG. U. S. PAT. OFF.

A PURE WHITE MINERAL OIL

Your Doctor Prescribes It

THE highest medical authorities everywhere now endorse pure mineral oil as a remedy for constipation.

Nujol conforms to the requirements of the mineral oil treatment as prescribed by its discoverer, Sir William Arbuthnot Lane. It gives permanent, not temporary, relief from constipation, with none of the harmful after-effects of laxative drugs.

Nujol is odorless and tasteless, absolutely neutral, and is not digested or absorbed into the system. It acts merely as a mechanical lubricant.

Nujol is not a drug. Its use will not give quick, temporary relief. But Nujol is a genuine remedy in that it relieves constipation in the most natural way by lubricating the lining of the intestines, softening the intestinal contents, and thus promoting healthy and normal bowel activity.

Expected Application for Injunction in Movie Case Filed in Nineteenth Court

An injunction to prevent the holding of the election called for February 15 on the grounds to allow moving picture shows to operate in Waco on Sundays from 2 p. m. until midnight was asked yesterday. The petition, filed in the Nineteenth district court, gave the plaintiffs as R. G. Wright, O. M. Weatherly, Lee H. Richards, Crate Dalton, J. J. Potts, E. M. Ainsworth, John P. Rowe and W. H. McCullough, and as defendants, the city of Waco, its officers and those appointed to hold the election are named. Special Judge Harvey M. Richey set the hearing on the application for February 10 at 10 a. m.

The complete list of defendants is as follows: Mayor J. W. Riggins, Commissioners John Dollins, W. J. Richards, W. H. Cockcroft and Ben C. Richards, City Secretary J. C. Davis, the judges of the proposed election, in the six wards here, W. G. Carlisle,

C. K. Wiel, Henry Stubbfield, J. A. Leftwich, William Reese and Bradford Hancock, and also A. R. McCollum, editor and publisher of the Waco Tribune, in which paper has appeared the regular notice of the election, as required by law.

As grounds for the injunction, the plaintiffs allege that the city is planning to pay out money for the election and that, as taxpayers, they are interested; that the election, if held, would be illegal, as attempting to render invalid state laws; that City Attorney John Maxwell advised the city commission that the ordinance would be illegal, and that no adequate remedy at law can be obtained.

Attorneys' names signed to the petition for injunction are F. M. Maxwell, John W. Davis, W. H. Jenkins, Tom M. Hamilton and George Barcus.

The ordinance which is to be voted on was passed by the commissioners on January 20.

Frank Vinson, two young white men, slated for yesterday afternoon in Justice Padgett's court, was unavoidably postponed on account of the indefinite absence of the defendants. Witnesses summoned were present, and the court was in waiting, but when an officer went to the county jail to get the prisoners they were not to be found. County officers in charge of the jail are of the opinion that the two escaped last Sunday afternoon by walking out unobserved with a group of persons who had been conducting religious services in the jail.

Tahata Maru Crew Saved; Ship Sinking

The Associated Press. New York, Feb. 2.—The crew of the Tahata Maru has been saved, but the ship has been abandoned in a sinking condition, according to a wireless message from Captain Moses received tonight by the Anchor line of the steamer.

Captain Moses' message stated that he and his men had been removed safely to the steamer Silver Shell, with which the Tahata Maru was in collision yesterday. The Silver Shell, he said, was proceeding to the English channel.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

PAPE'S DIAPEPSIN ENDS ALL STOMACH DISTRESS IN FIVE MINUTES.

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps, head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only 50c for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

DR. GRONER TO ACCEPT CAMPAIGN LEADERSHIP

COLUMBUS STREET CHURCH RELEASES PASTOR TO WORK FOR SANITARIUM.

Board Will Meet This Afternoon in Offices of John F. Rowe—Rapid Developments Expected.

At the special meeting of the Baptist Sanitarium executive committee, to be held in the office of John F. Rowe at 4:15 this afternoon, Rev. Dr. P. S. Groner, pastor of the Columbus Street Baptist church, will deliver his answer to the offer of leadership of the campaign for funds. The Columbus Street church in regular business session last night voted unanimously to release the pastor for the work, and pledged their enthusiastic support should he accept the offer made by the executive committee at its meeting two weeks ago.

Immediate steps to raise the funds needed for building a great Baptist sanitarium in Waco are expected to develop following the meeting this afternoon, when it is confidently expected Rev. Dr. Groner will accept the leadership.

The resolution adopted unanimously by the Columbus Street church last night was as follows:

"Resolved, That the church express its willingness to have our pastor, Dr. Groner, accept leadership of the campaign for funds to build a Baptist sanitarium in Waco. If he shall accept, be it resolved that the church does now pledge to him our most hearty cooperation, and that we pray the Lord to guide and bless him in his labors." Adoption of the resolution was moved by L. B. Arnold, seconded by O. M. Weatherly.

CLAIMS PLAN MISUNDERSTOOD

Secretary of New Insurance Company Replies to Story on Attitude of Medical Society.

Through its secretary, G. C. Waldrop, the National Medical Insurance company yesterday issued a statement in reply to the article appearing in this paper yesterday morning relative to the attitude of the McLennan County Medical society toward the new company. That portion of the statement seeking to correct what the company believes a misrepresentation of its plan of work is as follows:

"We desire to correct an erroneous statement made in the morning press in regard to the system of insurance this company offers the public. This company does not offer a plan of work which even suggested such an unreasonable and preposterous attitude as desiring or suggesting to any physician that he cease in any measure to perform that public service which is commendable to the profession at large. In other words, the plan of this company contemplates each and every person paying for his medical service on a basis akin to our public health work, and that each person contribute to the service on a basis of means, but according to his means, and according to the number of persons in his family. The plan makes it possible for the entire community to secure the services of their regular physician, which, according to this paper yesterday morning, is a family physician on a basis where he is no longer interested in the number of visits made. In other words, the families constituting his patronage join together on a co-operative basis and contribute to him small amounts each month through our systematic organization, which, according to statistics never disputed by any medical society—will substantially increase his present income and remove the temptation of a self-interest in a fee for each visit made.

"The poor people referred to in the erroneous statement are enabled to liquidate their medical service accounts on a monthly basis, the same as they purchase a home, furniture, or any other article which they are unable to purchase by payment of cash."

Willard and Dillon Not Matched.

By the Associated Press. Chicago, Feb. 2.—Tom Jones, manager for the heavyweight champion, Jess Willard, said the story from New York that Willard and Jack Dillon had been matched there for a meeting was "absolute bunk."

According to Jones, a meeting will be held here tomorrow for the purpose of arranging a match between the champion and Frank Moran.

S. B. HUMPHREYS MISS WINNIE SPRUCE AGED RESIDENT, WILL LOCATED IN DALLAS RECOVER FROM BURNS AFTER WIDE SEARCH

S. B. Humphreys, aged 83 years, was severely burned yesterday morning at his home, Ninth and Speight streets, when he was building a fire in a grate. Mr. Humphreys' underclothes caught fire and his back and shoulders were severely burned. In trying to extinguish the flames his arms and hands were also badly burned.

Had it not been for a heavy cap which he was wearing, Mr. Humphreys' face no doubt would have been burned. It was some time before he was able to tear the burning underclothes off. Neighbors hearing his cries rushed to his assistance. He was immediately taken to Providence hospital where he was reported to be doing nicely at a late hour last night.

Although the burns are of a serious nature, Mr. Humphreys is expected to recover.

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Pour the 2 1/2 ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of 82. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membrane in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, which is so healing to the membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Y. M. C. A. CAMPAIGN EXCEEDING SCHEDULE

312 NEW MEMBERS IS RESULT OF FIRST TWO DAYS OF FIVE DAYS' RACE.

ENTHUSIASTIC BANQUET HELD

Division A Takes Lead with 99 Signatures Obtained—Otis Gibson Leads Individual Teams with 50.

There was more enthusiasm displayed by the members of the Y. M. C. A. membership teams at the banquet last night than at any time since the beginning of the big race. It seemed to be the consensus of opinion that if the right effort were put forth it would be possible to obtain enough new members today to make up the requisite 600.

Challenge after challenge was issued by division chairmen and team captains, who believed that they could make a big clean-up by tonight and win honor and glory for the men under them. Every challenge was quickly accepted, and a battle royal will be the program for today.

Perhaps the most interesting and unique challenge that was made during the evening was offered by Oscar Adwan. Mr. Adwan offered to individually secure more new members today than any other two men in the contest, irrespective of race, color, nationality or language. His "dare" was promptly accepted by J. P. Everett, manager of the Hippodrome theatre, who remarked that he proposed to make the challenger hustle to make good. Captain William Edmond also accepted the challenge on behalf of his team. A total of 126 members were secured yesterday, making a total of 312 members for the two days of the campaign.

Sam Sanger Commends Work.
 General Chairman W. V. Crawford read the following letter from Mr. Sam Sanger:

Dear Sir:
 I regretted very much that it was not possible for me to attend your meeting yesterday evening, but I am not much on being out after business hours; my age is against it. I wish to say in behalf of the Y. M. C. A. that my heart and soul are with you in every respect, and I doubt not that the future of the association is on a solid basis.

I should thank you very much if you will read this letter at the next meeting, as I feel they should know that I am interested in the work as much as anyone else in the city.

Yours very truly,
 SAM SANGER.
 Mayor J. W. Riggins made a brief address in which he strongly commended the good work of the Y. M. C. A., and expressed the hope that the campaign would exceed all expectations.

Mayor Riggins is Speaker.
 He told of his efforts of thirty-two years ago in organizing the first Y. M. C. A. in this city. He told of his experience in personally visiting every pastor in Waco, and requesting them to announce that a meeting would be held on the following Sunday for the purpose of forming a Y. M. C. A. He said that the pastor of one of the largest churches refused to make the announcement on the ground that the churches were able to perform the work as outlined by the Y. M. C. A. The mayor then told of how conditions changed since that time, and how the churches were all working in harmony for the upbuilding of the Y. M. C. A.

Mayor Riggins referred to the Y. M. C. A. as an organization that had done more for the uplifting of humanity than all others combined. Campaign Manager Hockenbury made one of his celebrated "Jazzum" talks to the audience, giving them some valuable advice as to how to get the remainder of the necessary 600 members today. He is delighted with the success of the campaign thus far, and declares Waco is one of the liveliest cities in every respect that he has ever visited in his work, which carries him to all parts of the country.

More Taunton Badingage.
 General Chairman W. V. Crawford is deeply interested in the membership race that is being waged between Waco and Taunton, Mass. He persists in taunting that Herringford village in a shameful manner. He sent the following night letter to the manager of the Taunton campaign:

A. Cleveland Bent,
 Present, 169; producers, 87; members, 136. Waco is the largest inland cotton market in the world. If it were not for Texas your B. V. D.'s would be made of hair and your textile mills

used for bat roosts. All Texans wear horns and on each horn is hooked a Y. M. C. A. membership. Is your herring boneless?

W. V. CRAWFORD,
 General Chairman.
 The above telegram was sent in answer to the following telegram that was received from Taunton yesterday morning:

Taunton, Mass., Feb. 1, 1916.—W. V. Crawford, Y. M. C. A. Waco, Texas: Taunton sends greetings to Texas brethren. Our manufacturing city, distinguished in production of ranges, silver goods, textile and herring, expects to lead your producing center. We have tonight present one hundred sixty-one; producers, seventy-nine; new members, one forty-three. Do all Texans wear long horns?

(Signed) A. CLEVELAND BENT.

PLAN FREE CLINIC AT EVANGELIA HOME

ADVISORY BOARD CONSIDERS SUPPLEMENTING WORK PUBLIC HEALTH NURSE.

PLANS IN FORMATIVE STAGE

Local Physicians Expected to Assist in Work—Evangelia Activities Are Being Extended.

A free clinic and dispensary for the poor of the city to be conducted in connection with the work of the Evangelia Home on South Twelfth street, with Miss Laura Edwards, public health nurse, in charge, has been proposed by the advisory board of the public health department. Since this department was created some time ago the demand for surgical and medical attention of the poor of Waco has been on a constant increase. Last year more than 1100 cases were attended and many were under the personal attention of Miss Edwards. In almost every instance Miss Edwards had to call on the home of the patient. Knowing that even more of this work would have to be carried on this year, the advisory board suggested that a clinic be installed at the Evangelia Home, which is centrally located, for such work of this kind. According to Miss Edwards, no definite plans have been made in regard to the proposed clinic, but a meeting of the executive committee, which is composed of three local physicians, three representatives of the City Federation of Mission societies and three representatives of the City Federation of Women's clubs, will be held at an early date for the purpose of discussing the clinic and determining to what extent it could be operated. Clinics in other cities which have worked to advantage and have been of great benefit to the poor, such clinics will be discussed by the committee and it is understood that the clinic here, while though it will be only an experiment at first, will equal any in any city the size of Waco in this section of the country.

Clinic Would Aid Charity Work.

Miss Edwards is often called on to visit patients who are really able to attend a clinic, providing one was being operated. When the clinic is installed Miss Edwards will have more time to devote to her work and will greatly enlarge her department. Also Miss Edwards often has to take her patients to town to be examined, and much of this would be eliminated with the opening up of the clinic.

While the clinic will run on a small scale at first, it is the plan to enlarge it as it is needed. Many of the local doctors, dentists and specialists have signified their intention of aiding the clinic and have heartily endorsed the plan. It would be a big relief to the poor who are unable to pay for the services of a physician and for medicine. While it would reduce the suffering of this class of people, it would also eliminate many of the charity calls that come to the local physicians.

As the plans are not yet set for the clinic, Miss Edwards believed that it would be open at least one day in the week and most probably Saturday. At this time some physician would probably be present and care for the patients of that week. In some cities it is the plan for every physician in the city to take time about caring for the needs of the clinic for the day it is needed. Patients will be examined and treated free. The dispensary will include a large variety of medicines and first aid treatment, bandages, etc., which can be obtained at any time by the worthy poor.

Evangelia Plans Extension.

It is the growth of the public health department that has increased the demand for the dispensary and clinic. It will mean that more people can be aided with less trouble. It will also mean that first aid can be supplied to the injured in a much shorter period than now.

The Evangelia Home is also planning other features. In the kindergarten work, Miss Byrd Bettit is planning several new attractions for the children. The kindergarten room is being re-painted and re-furnished and will probably have some new equipment in a short while.

While a dry nursery has been conducted by the Home for some time, it has been only on a small scale. Miss Irene Walker is in charge of the department and expects to build it up considerably and operate on a much larger scale and care for a much larger number of children.

A Home Settlement club is being organized by the Home. This organization will hold regular meetings at which time lectures will be given from an educational or religious nature. It is believed that the club will have a large membership and will be one of the most attractive features of the home when organized.

At a meeting of the executive board yesterday afternoon it was decided to have a big celebration at the Evangelia Home.

Hoffmann Requests Friends to Drop His Candidacy for Mayor

Reception Monday to New Members of Morrow St. Church

Fifty new members received into the Morrow Street Methodist church during the last eight weeks will be honored guests at a reception given in the church next Monday night by the 550 older members. The board of stewards will act as reception committee.

Announcement that during the first eight weeks of his pastorate fifty new members had been received into the church was made last Sunday by Rev. H. L. Munger. Members of the church are especially elated with the results of their new pastor's efforts, it being claimed that this number is as large as the total yearly additions of many churches. Morrow Street church is third Methodist church in Waco in point of years, being antedated by the Elm Street church and the Fifth street church. In number of members, Morrow Street now ranks second.

Refreshments will be served at the reception Monday night. Those taking part in the program, which will be a feature of the entertainment, including the pastor, Rev. H. L. Munger; H. B. Dorris, Mrs. Fouts, N. H. Melbert, Prof. J. B. Poteet, Mrs. Rudolph Mailander, Mrs. M. A. Pipkin, J. G. Smith, G. B. Adams, and Rev. Dr. J. A. Whitehurst, presiding elder of the Waco district.

Commissioners Have Financial Matters to Consider Today

Whether the city shall give \$2,000 toward the maintenance of Cotton Palace park will be decided at the meeting of the commissioners to be held this morning. This question came up at the last Thursday meeting, but was referred to a committee composed of Mayor J. W. Higgins and Finance Commissioner Dunker.

Among other matters to come up in the meeting this morning is whether the city shall allow an extra allowance of \$490 in connection with securing data and compiling the report recently completed by C. W. Payne, secretary of the Brazos River and Valley Improvement association. The added amount was asked by a committee representing the Chamber of Commerce and the Y. M. E. L. at the last meeting of the city dads. Twelve hundred dollars has already been appropriated by the city for defraying this expense, but this was not sufficient for the expenses incurred.

Declaring that he does not wish to be the cause of any dissension, W. H. Hoffmann, former postmaster, has requested that friends withdraw their announcement of his name as a candidate for mayor, which announcement was published in the Morning News last Sunday. In a signed statement to the Morning News Mr. Hoffmann expresses his appreciation of the compliment paid him by those making the announcement, but asserts the opinion that opposition to his name going on the ballots for the democratic primary on account of his affiliations with another party would create factionalism and dissension which would be detrimental to the interests of the city.

Mr. Hoffmann as a prospective candidate for mayor had been discussed both by private citizens and the press for several months, even before it was officially known that he would be succeeded as postmaster by a democratic appointee. His name was finally announced through a statement from a number of his friends printed in last Sunday's Morning News, this step marking the end of continued efforts by friends to induce Mr. Hoffmann to make the announcement himself. His request that these friends drop their efforts in his behalf, said Mr. Hoffmann last night, is based upon his matured judgment that further prosecution of his candidacy by his friends is not for the best interests of the city at large, as well as those more directly concerned.

Following is Mr. Hoffmann's statement: "Answering request of my friends who announced my name as a candidate for mayor in your last Sunday's issue: I beg to state, I appreciate this compliment sincerely, but learning that there would probably be opposition to my name going on the ticket and not wishing to be the cause of any dissension, I have requested that my friends not push the matter further. I consider such action for the best of all concerned. W. H. HOFFMANN."
